Inspection Framework for Special School Residential Services

Mae'r ddogfen yma hefyd ar gael yn Gymraeg.
This document is also available in Welsh.

Introduction

This inspection framework applies to [Special School Residential Services](#). It is based upon the principles set out within the [Social Services & Well-being \(Wales\) Act 2014](#) (“the 2014 Act”) and the [Regulation and Inspection of Social Care \(Wales\) Act 2016](#) and specifically created using [The Regulated Services \(Special School Residential Services\) \(Wales\) Regulations 2023](#) and the associated Statutory Guidance.

Rights based approach

This inspection framework takes into account our commitment to promoting and upholding the rights of people who use care and support services. This includes, but is not limited to the rights of people set out in the following legal frameworks:

- [The Human Rights Act 1998](#)
- [The Equality Act 2010](#)
- [The United Nations Convention on the Rights of the Child \(UNCRC\)](#)
- [The United Nations Convention on the Rights of Persons with Disabilities](#)
- [The Mental Capacity Act 2005](#)
- [The Deprivation of Liberty Safeguards \(DoLS\)](#)
- [The Welsh Language Standards](#)

Further information on our commitment to upholding human rights within our regulatory and inspection work is set out on our website. Further information on our rights based approach to inspection is also set out in our [Code of Practice for Inspection of Regulated Services](#).

Well-being and inspection

Our approach to inspection takes account of the principles of the 2014 Act and the legal definition of “well-being”.

The primary focus of the inspection is consideration of the national well-being outcomes. The framework supports inspectors to consider evidence for how the service is enabling the children it supports to achieve their well-being outcomes

This inspection framework maps the 2017 Regulations, as amended and associated statutory guidance under the three themes of ‘Care and Support’, ‘Leadership and Management’ and the ‘Environment’.

We believe the extent to which children’s well-being outcomes are achieved will be underpinned by the effectiveness of arrangements in place by regulated service providers in the themes of ‘Care and Support’, ‘Leadership and Management’ and ‘Environment’.

Where outcomes for children require improvement, we need to explore the reasons behind this through the lines of enquiry in the framework.

Inspectors will undertake their inspections considering and reporting on our inspection themes of ‘Well-being’, ‘Care and Support’, ‘Leadership and Management’, and ‘Environment’.
