Training and Workforce Planning

Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider	Our Training Plan covers statutory requirements (such as SCW In duction); and training that will support the work of our organisation (such as Therapeutic Crisis Intervention). There is a Training N eeds Analysis for each team member; reviewed at appraisal or as needed. A Senior Manager oversees meeting identified training n eeds. Delivery of training is recorded on team members' personn el files, in our Training Log and by spreadsheet. We use external providers, and also deliver training in-house.
Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider	Having identified a recruitment need, we advertise externally, inter nally or both. Full checks are made prior to appointment. We have a robust recruitment policy. We retain staff through individual supervision and support tailored to their circumstances: taking account of needs/wants in working patterns, supporting personal development and offering pastoral support. We maintain team morale through team meetings, daily reflective practice de-briefings, and group activities such as Jollifications.

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published <u>guidance</u> on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.

We work within the Care and Support Plan. We identify therape utic aims for the child and how these can be met. There is a Th erapeutic Programme that is reviewed weekly, involving the child. We support the child in setting goals. There are regular Inter nal Placement Reviews where the child has a say in all the issu es that are important to them, such as the home environment, f ood, what they would like to do. We offer a range of activities to suit the individual child: this could be additional music lessons, expeditions, trips away etc. We celebrate achievement, and aim to help the child feel valued and confident of their self-worth. C hildren tend to form warm attachments to their allocated keywor kers.

Children can raise issues at any time, and also do so House Me etings and Key Sessions. We seek to resolve any issues that a child may have, including explaining our take on an issue. In mo st cases any concerns can be resolved informally, without invoking formal complaints procedures. Children also discuss issues with the Independent Visitor who visits monthly. Children are act ively encouraged to seek outside support through their advocate, their families, referring social services department, CIW, or services such as 'Childline'.

The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.

Obviously we seek to meet basic health needs, and work closel y with health services. Children often come to us with health ne eds that have not been identified or met. We offer children a ra nge of activities to support healthy living. This includes adventu re activities and therapeutic work within our gardens. Children o ften come to us with a limited palate, and we offer them choice and opportunities to experience non-processed meals made from scratch, often with food grown in our own kitchen garden. There is also the opportunity to experience cuisines from other cultures. Food is so important, not just for nutrition but to show love and care.

We give each child personal attention and show unconditional positive regard. We support them in their hobbies and interests . We show them new things, aiming to foster a curiousity for all t he opportunities for them, both now and in the future. We support their education, whether it is in mainstream school/college o r within our own independent school, Ysgol Caban Aur.

We encourage appropriate friendships, including children inviting their friends to the home. We teach children about the benefits and pitfalls of the internet and social media. Some children join clubs or other external activities.

As a team, we support the emotional and behavioural developm ent of the child. There are identified therapeutic aims addresse d in key sessions and through activities on the Therapeutic Pro gramme. Keyworkers have regular clinical supervision with our i n-house CBT Therapist and are also supported by the Therape utic Co-Ordinators. Our Therapist also offers weekly sessions w ith children, if this is in their Care and Support Plan. We work cl osely with CAMHS, where they are involved with a child.

The extent to which people feel safe and protected from abuse Children often express that they feel safe and cared for. and neglect. We operate safe working practices and work within the Aware C ulture and Arena of Safety. As well as DBS checks, recruitment includes an assessment of values and attitudes. Staff are vigila nt, and monitor the practice of other staff. Staff receive Safegu arding Training and know how to report concerns. Each child has a risk assessment with assessments of risk and a risk management plan. There are also risk assessments in pl ace for premises, locations and activities. Staff are trained in Therapeutic Crisis Intervention which is a pr ogramme of behaviour management techniques. Therapeutic C risis Intervention aims to create a trauma-sensitive environment where children and adults are safe and feel safe; pro-actively p revent and/or de-escalate potential crisis situations with childre n; manage a crisis situation in a therapeutic manner, and, if nec essary, intervene physically in a manner that reduces the risk o f harm to children and staff; process the crisis event with childre n to help improve their coping strategies. (Cornell University.) We carry out Life Space Interviews with children to help them pr ocess challenging events and help them understand their feelin gs and behaviours. We might also use a Life Space Interview to help them process happy events. We are sponsoring research i nto the use of Interoceptive Awareness Opportunities to help ch ildren better understand how they feel. Where there is conflict between children, a group Life Space Int erview may be carried out. We have zero tolerance for bullying, but understand that it may result from past exposure to domesti c violence, trauma or abuse and we will work with the children t hrough key sessions or within therapy. We seek to show the children that they are loved, cared for and safe. We have a policy on the positive use of touch. The extent to which people live in accommodation that best Afon Goch is set in Eryri (Snowdonia) with picturesque views of supports their wellbeing and achievement of their personal Yr Wyddfa (Mount Snowdon) and over Caernarfon Bay. The bu ilding is an old stone farmhouse set in a large garden on a hillsi outcomes de. There are enchanting sunsets. It is a harmonious natural se Afon Goch has a homely and warm environment. Each child ha s their own room which they can personalise, with advice from k evworkers

As a team, we support the emotional and behavioural developm ent of the child. There are identified therapeutic aims addresse d in key sessions and through activities on the Therapeutic Pro gramme. Keyworkers have regular clinical supervision with our in-house CBT Therapist and are also supported by the Therapeutic Co-Ordinators. Our Therapist also offers weekly sessions with children, if this is in their Care and Support Plan. We work closely with CAMHS, where they are involved with a child.

The extent to which people feel safe and protected from abuse and neglect.

Children often express that they feel safe and cared for.

We operate safe working practices and work within the Aware C ulture and Arena of Safety. As well as DBS checks, recruitment includes an assessment of values and attitudes. Staff are vigila nt, and monitor the practice of other staff. Staff receive Safegu arding Training and know how to report concerns.

Each child has a risk assessment with assessments of risk and a risk management plan. There are also risk assessments in pl ace for premises, locations and activities.

Staff are trained in Therapeutic Crisis Intervention which is a pr ogramme of behaviour management techniques. Therapeutic C risis Intervention aims to create a trauma-sensitive environment where children and adults are safe and feel safe; pro-actively p revent and/or de-escalate potential crisis situations with children; manage a crisis situation in a therapeutic manner, and, if nec essary, intervene physically in a manner that reduces the risk of harm to children and staff; process the crisis event with children to help improve their coping strategies. (Cornell University.)

We carry out Life Space Interviews with children to help them process challenging events and help them understand their feelings and behaviours. We might also use a Life Space Interview to help them process happy events. We are sponsoring research into the use of Interoceptive Awareness Opportunities to help children better understand how they feel.

Where there is conflict between children, a group Life Space Int erview may be carried out. We have zero tolerance for bullying, but understand that it may result from past exposure to domestic violence, trauma or abuse and we will work with the children through key sessions or within therapy.

We seek to show the children that they are loved, cared for and safe. We have a policy on the positive use of touch.

The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.

Caban Aur is set within a nature reserve down a country lane. The setting is quiet and peaceful, and there is access to local w alks and cycle rides. There are many nearby beaches, and acc ess to moorlands, wetlands, mountains and the sea. Therefore children can engage in quiet and calming pursuits (such as foll owing our own meadow maze or a beach walk) as well as more adventurous and energetic activities.

Caban Aur is close to local towns, and the children enjoy shopp ing and meeting up with friends. There are also the attractions of larger cities like Liverpool or Manchester. There are also many tourist attractions in North Wales. There are reasonably close links to road and rail national networks.

Caban Aur is a spacious house set in spacious grounds. Childr en's bedrooms are regularly re-decorated, taking account of th e child's personal taste. There is room in their bedrooms for pri vate study. The following section requires you to answer questions about the staff and volunteers working at the service.
