Training and Workforce Planning

Describe the arrangements in place during the last financial year	-
for identifying, planning and meeting the training needs of staff	ı
employed by the service provider	1

The staff at Richmond House training needs are identified and ma naged through supervisions every 3 months and a training matrix tool is used to record what training is due. Following on from the Covid-19 pandemic, we have now reintroduced face to face training where possible and are still utilising the Social Care Tv website for any other training that we are not able to source in house. Along with any training that is offered by the county council.

Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider

At Richmond House we have a robust recruitment programme, in which we adhere to the regulations as set out in Part 1 of RISCA. We offer incentives in order to recruit and retain staff, for example, we pay the Real Living Wage and pay a weekend and bank holid ay enhancement, also paid breaks. Another incentive is that we p ay for all training time. We continue to operate an open door polic y with our staff team, to encourage them to feel supported and en sure that they feel valued.

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published guidance on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	The following ensures that Residents feel that there voices are heard, and that they have choice about their care and support: Person-centred Care Plans Referral to Advocacy (including IMCA's, RPR's and Advocates) Referral to DOLS (to ensure least restrictive option) Open Communication with Resident's Representatives Quality Assurance Questionnaires for both Resident's and their Representatives
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	We help support Residents maintain their ongoing health and o verall well being by: Weekly GP clinics 6 Weekly Chiropody visits Visiting Opticians Visiting Dental Services and commitment to the 'A Lasting Smile ' programme Early reporting and referral to appropriate MDT, with regards to any concerns or changes in presentation Visiting Clergy Maintaining and facilitating links with the Community, (eg, visits from Children's nursery)
The extent to which people feel safe and protected from abuse and neglect.	We promote total transparency and always report any concerns , as required.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	We aim to uphold the dignity of our residents, even though assi stance and support may be needed in many ways. The Manage rs and Staff recognise that each person is an individual, with their own thoughts, beliefs and values and is treated as such. We aim to give residents the choice of delivery of personal care, by either male or female carers, where possible. We encourage our staff to listen and engage with residents and to have consideration of their feelings and needs, offering compassion when they are feeling low. All residents are encouraged to follow whichever religion they choose and we will encourage residents to maintain these links, and facilitate visits to the Home from identified denominations, where possible. Prior to admission to the Home, residents will choose for thems elves how they wish to be addressed. Within the Home, first names are often used between residents and staff, but this is not automatically presumed.
