	Maximum number of places		22
	Service Conditions		There are no conditions associated to this service

Training and Workforce Planning

Describe the arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider

Since the pandemic we use an on-line training service, it provides individual online training, together with a training matrix showing h ow advanced each staff member is through their courses, this ena bles us to monitor exactly how advanced they are with their studies and provide assistance if any member of staff is struggling with a module. We also just employed a senior with the "Train the Train ner" qualification which will allows us to have an in house training as well

Describe the arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider

Other languages used in the provision of the service

Like all care homes in the area we have had staffing issues since the pandemic, we advertise via the internet and very often by wor d of mouth. We had to use agency staff during a period of Covid in Woodcroft during February 2022 and very rarely since as mem bers of staff do try to cover any sick shifts between them.

Service Profile

Service Details

Name of Service	Woodcroft Care Home Ltd
Telephone Number	01492515763
What is/are the main language(s) through which your service is provided?	English Medium with some billingual elements

Picture Exchange Communication System (PECS)	No
Treatment and Education of Autistic and related Communication-handicapped CHildren (TEACCH)	No
Makaton	No
British Sign Language (BSL)	No
Other	No

Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published guidance on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.

Each individual is always given the opportunity to express their choices with regards to daily living and this is recorded in their daily notes on a online tablet. Where possible each person is in volved in the aspect of their care and this is always discussed w ith the resident's relative or advocacy services when required.

The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.

Each individual is provided with a detailed care plan. This inclu des personal choices regarding food, entertainment, socialising, outings, religious and spiritual beliefs, likes and dislikes. This is updated on our on-line system by care staff using tablets to in put information and choices as they occur eg one resident enjoys wildlife, we give her the opportunity to visit a local seal colony.

The extent to which people feel safe and protected from abuse and neglect.

The ethos of the home is to provide a safe environment. We do this by training our staff to a high level to promote individual ch oice and wellbeing. It is paramount that we do what we say we a re going to do. Its important that we provide an atmosphere that is nurturing and enabling.

All safeguarding policies and procedures are in place. Our safe guarding training covers emotional, physical, financial, sexual a buse, and self neglect - refusing care or medication or neglect/abuse.

DoLs policies and procedures are in place for those residents who require it.

The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.

We care for individuals who live with dementia, the accommodat ion provided plays a vital role in the day to day living experienc e. We have designed specific sensory bathrooms with mood lig hting, a TV and surround sound to immerse the resident in a rel axing sensory experience. The décor is bright, airy and modern

We believe that the colours used can enhance the experience of daily living for each person. Automatic lighting systems, coloured doors to each room with name plates, memory boxes and door knockers provide a unique experience for a person living with dementia.

One of our lounges has been completely redesigned for dual u se, this area can be used as a relaxation room by the use of bl ackout blinds, music and mood lighting or as a normal day to d ay lounge area with a circular window seat for relatives and resi dents to have a coffee together.

A raised vegetable garden and potting shed will be created this year at the rear of the property to enable residents to be involved with gardening.

The following section requires you to answer questions about the staff and volunteers working at the service.

Number of posts and staff turnover

The total number of full time equivalent posts at the service (as at 31 March)

23

The following section requires you to answer questions about each staff type including information about the number of filled and vacant posts, the training undertaken, the contractual arrangements in place and the qualifications of those staff.

The information entered should relate to the period during which the staff member has been working for the provider only.
